

ODDS AND ENDS OF WORLD'S WORK

And Also its Troubles Gathered up For Those Who Are Interested in the Odd Jobs.

(United Press Leased Wire.)

Society Wedding.
London, April 11.—The biggest society wedding of the year took place today at St. Peter's church when the Marquis of Stafford, son and heir of the Duke of Sutherland, England's greatest land owner, was married to Lady Ellen Butler, daughter of the Earl and Countess of Lonsborough. The bride is widely known in America and Canada, her father having served as military secretary to Earl Grey, of Ottawa.

Mrs. Nicodemus Acquitted.
New York, April 11.—Mrs. Genevieve Nicodemus, on trial here for the past three weeks for the murder of her husband, Frank, last October, was acquitted here this afternoon after the jury had been out four hours. The jury found that she was insane when the crime was committed.

Direct Primary.
Columbus, O., April 11.—The Franklin county Republican central committee, after a bitter fight this afternoon adopted the direct primary method of selecting delegates to the state convention from this county. The committee fixed June 1 as the date of the county convention to select 31 delegates and alternates to the state electoral and circuit judicial conventions.

The decision for a primary is regarded as a victory for the Roosevelt forces.

Garry's Scheme.

Cincinnati, April 11.—Garry Hermann's own scheme for preventing ticket scalping was worked with splendid effect today when 25,000 howling, care-free fans invaded the new \$400,000 league park to see Hank O'Day's Reds and Frank Chance's Cubs open the 1912 season.

By Hermann's orders, the name

Dr. L. F. VOKE

WILL MAKE HIS

194th Visit to Marion

MONDAY, APRIL 15

HOTEL KUMFORT

10 A. M. to 4 P. M. ONE DAY ONLY.

PRACTICE LIMITED

To the Treatment of Chronic Diseases of Men and Women.

Dr. L. F. VOKE, Ph. G., M. D.

Graduate, Ohio State University, Harvard Medical College, American College of Physicians, etc.

Specialties: Chronic Diseases of Men and Women, including Syphilis, Gonorrhea, etc.

Symptoms Most Common

To chronic sufferers are weakness, nervousness, depression, etc.

Every Afflicted Man and Woman

should know these symptoms. They are nature's warning that something is wrong—cry for help.

Remember, that nearly every chronic disease, if taken in time, can be cured by proper treatment.

Scarcely only today, but every day, Dr. Voke is curing men who have been suffering for years.

Dr. Voke's treatment is simple, safe, and effective. It is the only treatment that cures the disease at its source.

Dr. Voke's treatment is simple, safe, and effective. It is the only treatment that cures the disease at its source.

BOTTLE Mayr's FREE Stomach and Liver

Trouble and Cured! Gall Stones

(United Press Leased Wire.)

A highly successful remedy for all stomach, liver and intestinal trouble, gastritis, indigestion, dyspepsia, pressure of gas around the heart, sour stomach, distress after eating, nervousness, dizziness, fainting spells, constipation, congested and torpid liver, yellow jaundice, sick headache and gall stones.

The above ailments are really caused by clogging of the intestinal tract with mucus and catarrhal secretions, backing up poisonous fluids into the stomach and otherwise deranging the digestive system. Scores of people who have suffered testify that my wonderful remedy has completely cured them, after other treatments have failed. Many owe their lives to this remedy. Don't give up hope—don't permit a dangerous operation until you have tried this FREE \$1.00 bottle, so you may judge for yourself its wonderful curative powers. This FREE bottle should convince you that my remedy will cure. One dose is all you are asked to take—one dose will make you forget you ever had stomach trouble. The remedy is absolutely harmless, and guaranteed pure by me under the Pure Food and Drug Act—Serial No. 25793. Write today. GEORGE H. MAYR, Mfg. Chemist, 427 Mayr Building, 155 Whiting St., Chicago.

and address of every advance purchaser of reserve seats had been taken. Detectives and policemen were stationed about the park with orders to arrest any person trying to sell tickets at a premium.

"The system worked to perfection as a preventative," declared Herrmann just before Mayor Hunt terminated a neat "play ball" oration by teasing the horsehide from the stand.

Tolls on Canal.

Washington, April 11.—That no charge should be made upon American coastwise ships using the Panama canal, was contended by Joseph Teal, of Portland, Oregon, before a senate committee today.

"Free use is given of government improved waterways in this country," he said, "and the same rule should apply to the Panama canal."

"As to the question of allowing railroad owned steamships to use the canal I can say that the opinion of the people of the Pacific northwest is that railroads should not be permitted to own steamship lines anywhere. They are destroyers of independent shipping by water."

Teal detailed evils arising from control of port facilities by railroads, refusal of the latter to exchange freight with independent steamship lines and combinations made by railroads with favored water lines.

"I am against the cut-throat competition carried on by these combinations," he said, "and believe that laws should be passed making their practice a criminal offense. In making improvements in waterways the government should exact from states and cities the provision of port facilities free to all vessels."

Teal asserted that regulation of Steamship rates by the Interstate Commerce commission was impracticable.

Settlement Near.

Philadelphia, Pa., April 11.—The arrival of several national officers of the United Mine Workers today strengthened the impression that a settlement of the differences that have discontinued operations in the anthracite fields since April 1 is near.

The newcomers are Frank Hayes, of Indianapolis; William Diamond, Saginaw, Mich.; and Frank Farrington, Streator, Ill.

Hayes stated that he came merely in an advisory capacity. "The suspension in the anthracite coal fields has thrown one hundred and seventy thousand men out of work," he said, "and naturally, we officers have to be around to discuss a settlement."

One of the miners' representatives said this afternoon that even if the sub-committee reached a finding today, several more days and more conferences probably would be necessary to clear up details. It was learned today that a committee of local miners called upon President White of the United Mine Workers last night, and offered their services as arbitrators. White promptly and courteously turned the offers down.

The committees of ten from each side conferred with their respective sub-committees just before the sub-committee of eight went into executive session.

Some Mixed Up People.

Springfield, O., April 11.—Powell Elder, charged with manslaughter for the killing of James Sanford, colored, took the witness stand in his own defense here today.

Elder's mother, a white woman, married Sanford, according to the son's story. This resulted, he claimed, in the loss of several positions for him and also the breaking off of his engagement to an Indiana girl. Elder alleges that he shot Sanford in self defense.

Sullivan Appointed.

New York, April 11.—It was announced here today that President Taft appointed James E. Sullivan, secretary of the American Olympic association, as American Olympic commissioner for the games to be held at Stockholm in July.

New Incorporations.

Columbus, O., April 11.—The Little River Lumber company, Canton, \$25,000; H. S. Moses and others.

The City Auto Livery company, Cleveland, \$10,000; Maurice Bernstein and others.

The Stollberg Hardware company, Toledo, reduction \$300,000 to \$1,152.

The North Side Coal & Grain company, Cincinnati, \$15,000; John J. Weiss and others.

The Marion Amusement company, Marion, \$3,000; R. C. Slinger and others.

The L. W. Keyser Cigar Box company, Dayton, \$15,000; Louis W. Keyser, Sr. and others.

WE HAVE WITH US TODAY

Vote on the passage over the veto as it received on the original passage.

Delegate Thomas, of Cuyahoga, led a fight to abolish the veto power altogether. His amendment to abolish was killed 60 to 21.

To Curb Veto.

Columbus, O., April 11.—The Johnson proposal to curb the governor's veto power passed, 76 to 10. Any measure can be passed over a veto by a three-fifths vote of each branch. It further provides that the governor may disapprove items or sections of appropriation bills only when approving the remainder of such bills.

At present he can cut out sections of any sort of law. A two-thirds vote is now required to pass over the veto and in addition the bill must receive at least as many votes on re-passage as it did on first passage.

Use of Patronage.

Allentown, Pa., April 11.—The use of patronage in the presidential nomination fight gave Colonel Roosevelt a text for a speech to a big crowd here today. Mayor Stratton declined to take any part in the meeting.

"In this contest," said Roosevelt, "wherever the people have had a chance to express themselves they have been clearly on the right side. We have lost only where there was cheating or where a boss-ridden community has cunningly let the bosses take away their rights. Your postmaster has sent out circulars telling you how to vote. You let that postmaster to attend to his job and you'll attend to yours."

Detectives Watch Flap.

Florence, Italy, April 11.—Half a score of mysterious, soft footed Italian detectives took up the trail of J. Pierpont Morgan today and they will stay with the American financier until he leaves Italy, to prevent his taking back to America the famous Mona Lisa, stolen from the Louvre in Paris.

The rumor got abroad here today that secret emissaries visited Morgan early in the day and offered to sell him the missing masterpiece.

Uncle Sam's Wash Day.

Washington, April 11.—The most unique washing in the world hung out on a line in a sunny room of the engraving bureau here today. It consisted of hundreds of thousands of paper bills and was the first "wash day" of Uncle Sam's new machine to rehabilitate currency. Heretofore, the treasury department has destroyed all filthy lucre. The new plan washes off the dirt, makes the bills antiseptic and is expected to save Uncle Sam thousands of dollars hereafter spent for engraving and printing of new bills used in place of those destroyed.

Legislative Before Congress.

Washington, April 11.—Speaker Continued on Page Six.

Murder of Albert Fountain.

Washington, April 11.—State department officials acknowledged today that they were powerless to exact anything more than a money indemnity from the brutal "Ley Fuga" association, for the murder of Albert Fountain, the young American soldier of fortune, shot down by rebels at Parais.

Will Visit Jersey.

Lincoln, Neb., April 11.—Senator La Follette, after his Pacific coast campaign, will go to New Jersey and make a fight in that state. He has authorized supporters in New Jersey to put his name on the primary ballot and progressives there have already started a campaign for him.

Today a telegram was received at La Follette headquarters here from New Jersey LaFollette men announcing that the campaign is under way.

Both Sides Claim It.

St. Louis, Mo., April 11.—The Roosevelt forces in Missouri today claim the advantage in the race for control of the state convention here April 25. St. Louis county, regarded as a Taft stronghold, suddenly turned and in the county convention today instructed a solid delegation of 34 for Roosevelt.

With the ward primaries in St. Louis yesterday, Taft now has 471 uncontested delegates and Roosevelt 486. There are 162 contests and forty-two delegates yet to be selected.

Sunday Sports.

Columbus, O., April 11.—The education committee this afternoon killed the proposal that sought to prevent Sunday baseball and other Sunday amusements in Ohio. The committee decided such matters should be left to the legislature.

Tabbed Compulsory Voting.

Columbus, O., April 11.—The constitutional convention this morning tabled the proposal of Delegate Taggart of Wayne county, providing for compulsory attendance of voters at elections. Delegate Brown, of Highland, sought to amend it by making voting compulsory. His amendment, together with the original proposal was tabled, 48 to 43.

An effort on the part of delegates favoring an early adjournment to secure immediate disposal of the taxation question failed today when the convention, 86 to 19, recommitted the Evans proposal to the taxation committee. Delegate Evans called his proposal from the committee to the floor and sought to have it made a special order for next Tuesday afternoon. His proposal puts it up to the legislature to provide methods of taxation.

The convention then took up the Johnson proposal which seeks to curb the governor's veto power. It provides that a three-fifths vote of the house and senate shall be sufficient to pass any measure over the executive veto. At present a two-thirds vote is required with the further restriction that the bill shall receive as many

HELP WANTED SITUATION WANTED FOR SALE FOR RENT

LOOK HERE

LOST or FOUND

STRAYED or STOLEN

WANTED—One dozen laying hens. Phone 933. 4-12-11
